

NAVASANKALPA 2027

Not another AIAPGET course.
A complete preparation ecosystem.

RANK IS AN OUTPUT.
PREPARATION IS THE SYSTEM.

Navasankalpa is designed around one simple belief:
Students don't need more disconnected content.
They need a system that continuously tells them what to learn,
how to learn it, what to revise, how to test it, where they are weak,
and what to do next.

THE SPECIALIST MODEL

ONE PROFESSOR DOES NOT HAVE TO TEACH EVERYTHING.

Ayurveda is vast. Every Sthana has its own depth, logic and examination relevance.
That is why every major Sthana is assigned a specialised professor who teaches
that Sthana with focused academic depth and clarity.
